

STERLING HIGHWAY

MP: 157-169 - Anchor Point to Baycrest Hill

Project Background

The Alaska Department of Transportation and Public Facilities (DOT&PF) is proposing improvements to Sterling Highway Milepost 157-169: Anchor Point to Baycrest Hill to restore structural integrity, increase safety, reduce congestion, and improve travel efficiency of the project corridor. Preliminary engineering and environmental assessment services began in 2014 and design is underway with construction scheduled to start in 2019.

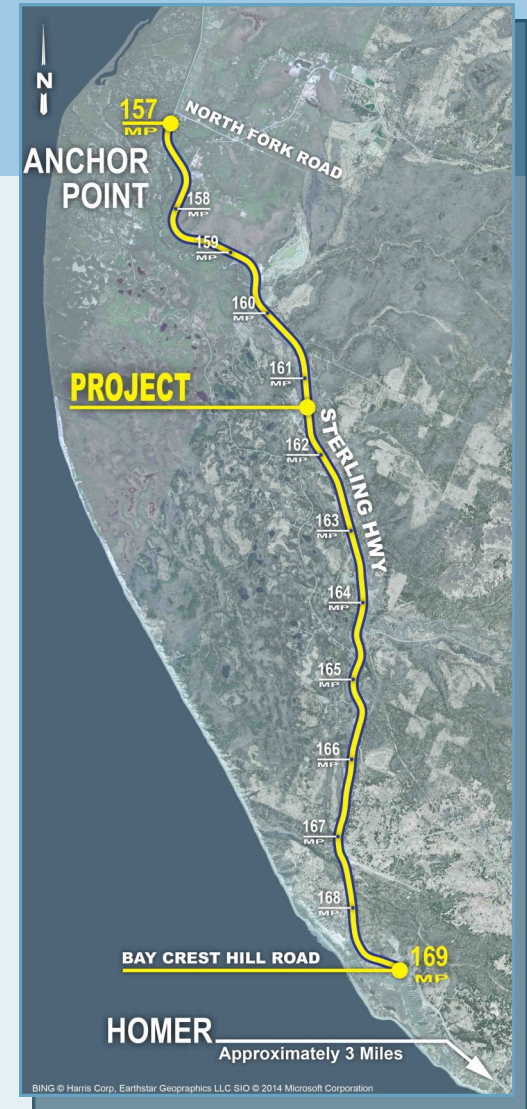

Project Updates

- The Categorical Exclusion environmental document has been approved by the state and Federal Highway Administration.
- The first phase of this project completed the scoping process: preliminary capacity, traffic and safety analysis, public involvement, surveying, environmental studies, and preliminary engineering.
- Geotechnical and design work began in late 2016. Geotechnical, design, and right-of-way acquisition phases will be complete in early 2019.
- The corridor may be broken into multiple construction projects to accommodate available funding.

Project Schedule

Environmental and Preliminary Engineering	2014–2016
Design and Permitting	2016–2019
Right-of-Way Acquisition	2017–2019
Construction	2019–2020

Sterling Highway

MP 157-169:

Anchor Point to Baycrest Hill

Project Update

October 2017

Project Open House

Our first round of public meetings was held in 2014 in Anchor Point and Homer. Please join DOT&PF and DOWL at the upcoming public meetings to learn more about the project and provide your input during the design phase.

Upcoming Public Meetings

Monday, October 23, 2017

5:30 p.m. - 7:30 p.m.

Anchor Point Senior Center
72750 Milo Fritz Avenue
Anchor Point, AK 99556

Tuesday, October 24, 2017

5:30 p.m. - 7:30 p.m.

Homer Middle School Library
500 Sterling Highway
Homer, AK 99603
